Dear Traci:

On behalf of the New Jersey Department of Human Services and all the Directors of SBYSPs, I want to thank you for an entertaining and fun night. It was very professionally done and extremely suspenseful. After talking with many of the wedding guests, including our honored guests from the State of NJ, their conclusion was "it was a great evening."

Much success in your future endeavors. And "break a leg."

Sincerely,

*Mike*
